Attached is a copy of the National Association for the Education of Young Children's (NAEYC) criterion regarding sleeping infants. As an accredited program we are required to follow these recommended guidelines. You are asked to read the marked instruction which refers to sleeping infants on their back.

The infant room teachers are required to sleep infants on their backs unless parents sign a release. Unless we have signed paperwork to the contrary all infants will be placed on their backs to sleep.

I give permission for the infant room teachers to place my child_____

On his/her *stomach* when they sleep.
